

# Google Classroom User Manual

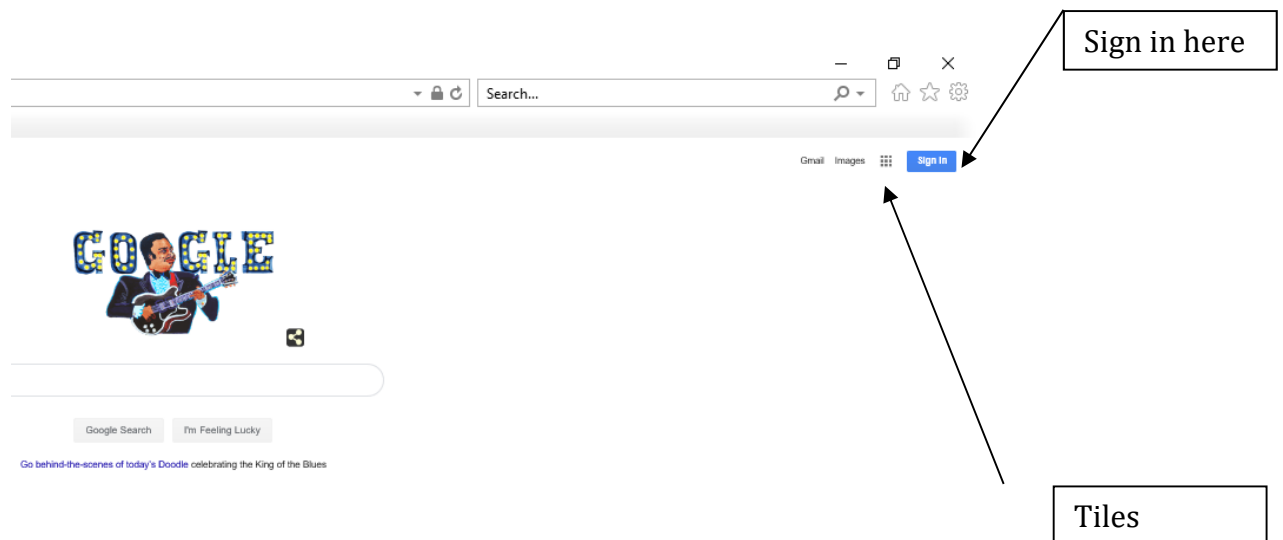

## 1. Logging into Google.

On the right hand section of the Google page click on sign in. Sign in using your school account:

eg. [msmith657@c2ken.net](mailto:msmith657@c2ken.net).

This is the normal log in you use in school however you must type **c2ken.net**

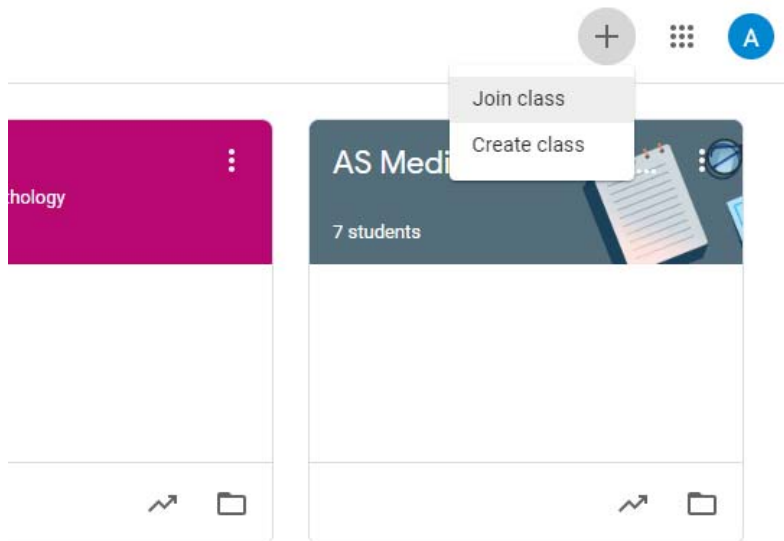

Once logged in, click on the tiles beside the account image and select google classroom

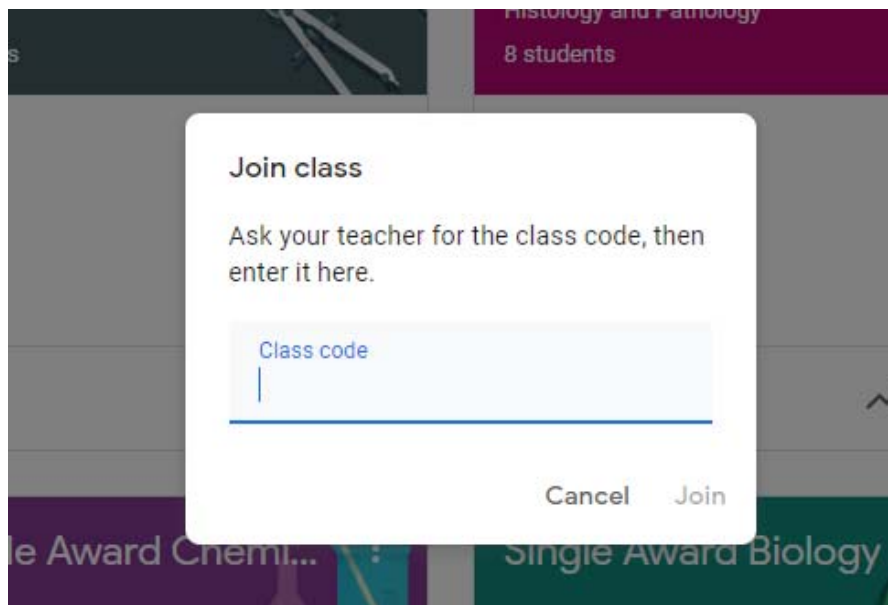

## 2. Joining your class

At the top of the page hit + and select join class.

Your teacher will give you a class code, enter the code here. The code is case sensitive.

You are now logged into your class, click on the link the teacher has created to see your work.
