What's involved in PASS?

Pupils respond to a series of statements about school and learning. There are 50 questions in total, and it will take approximately 20 minutes to complete. **There are no right or wrong answers.** Pupils are encouraged to answer as truthfully as they can so that pastoral leaders can address and support any areas of need for your child.

You will be in school as normal. You will come out of class for the PASS testing and then return to class for the remainder of the day and follow your normal timetable. There is nothing that you have to do in order to prepare for this. All we ask is that you answer truthfully and honestly. Remember: there are **no right or wrong answers.**
